Granny mod apk hack

Download visitors can not request updates! Grandma - a horrible horror in which the player has to get out of the house, whose mistress is a crazy grandmother. At first, the main character is in bed in the room of the terrible house. He has to leave this awful place in five days. Complicating the situation is the presence in the building of a terrifying elderly woman, who hears every rustle and reacts immediately to it. Therefore, for release, you need to move as quietly as possible, avoid traps and look for keys from the doors. In some cases, you have to hide in the closet, but not abuse it, because the elderly woman will necessarily find and kill the character. Welcome to Grandma Mod Apk. Grandma keeps you locked up in her house. Now you have to try to get out of her house, but be careful and quiet. He hears everything. If you throw something on the floor, he hears it and comes running. You can hide in closets or under beds. You've got five days. Good luck with that. The game contains an ad. Granny MOD Apk Overview When everything is removed from the door in easy operation on the first/second day, or when in normal or hard mode or in extra lock mode, the padlock code should also exit. In hard mode and in extra lock mode, you also need the battery. See Item locations for item replication locations. From update 1.3.2, there is an option to activate additional locks for any difficulty you play. Extreme mode requires Additional Locks to be selected. Granny MOD Apk v1.7.8 (MOD Menu, Outwitt Hack, Clone Granny) What is Granny Mod Apk ABOUT? GRANNY is a survival horror game that revolves around the game of secrecy. You're being held captive by a blind, blind old woman who hears everything, and also crawls through a small two-story house carrying a bat and drops traps for bears. Your goal is to escape the house within five days (the day ends if your grandmother catches you) by unlocking/unlocking the entrance door. You can do this by avoiding Granny MOD Apk while looking for keys and tools at home; if Grandma hears you, you have to run and hide, or you get hit in the head. Screenshots of Grandma Mod Apk This is one of the most ugly games in the App Store, but also one of the scariest. Grandma's premise is simple: it gives you five opportunities to achieve your goal and uses financial means to create an incredible amount of tension. Sound is a big problem here. The planks, the scary music, grandma's annoying voice and the alien laughter will make you cold-blooded, especially if you're wearing headphones. Success depends on keeping a cool head; the tension increases the more you crawl around the house, and suddenly, facing grandma can cause fatal episodes of panic. The old woman isn't fast, but she's persistent. If you freeze to see it, I'm sure you're dead meat. While the game and sound do a lot, they are undermined by unpleasant and unpleasant graphics, graphics, technical problems (such as Grandma getting stuck in a door and bat through a wall) and annoying promotional breaks that take you out of the horror experience. In general, Granny MOD Apk feels like a prototype of a more finished app while managing to be the fuel nightmare unsuitable for children. Features of Grandma Mod Apk: Invisibility completely secure Compatible with all versions Android APK file is very easy to install Autoupdate No need to root your Android device! Explore the remake version of the originally famous Roblox game right on your mobile devices with scary themes. Interact with environments, crawl areas, and make your plan to escape from this deadly haunted house. You'll only have five days. Learn more about the full game Our for the Granny.StoryIn game, players will find themselves caught in a strange place after an accident you have on the road. As you try to control your car, suddenly he was hit by something and fell to the ground unconscious. You don't know who brought you here and what their purposes are. Whatever this is, they're not friendly at all. Later, you'll find out you're being held captive by a lunatic. Crazy Lady who is extremely scary. Quick, you need to find a place to hide when he comes looking for you. Hide in the closet, under the bed, and in many other places. Try not to make any noise unless you want her to shake you with the damn baseball club in her hand. Since the original message in the game has begun, you will only have 5 days to try to get out of the house before the creepy grandma decides to actually play with you. And you can only escape through the front door mounted on the first floor. Worst of all, it's also locked, so you can't just bypass her guard and get away. Instead, you will have to spend your time searching and searching inside the house to look for clues. Take on multiple challenges and tasks as you slowly retrieve the keys while avoiding the crazy grandma. Remember, with each bat on your head, you will spend the rest of the day in bed without achieving further items. Choose between different levels of difficulty and enjoy yourself at Granny.Here you will find some of the most interesting features the game has to offer: To get started with, players will find themselves exploring the interesting mansion with plenty of gameplay. Try to avoid grandma as you find your ways around homes, learn her habit and come up with some tactics to deal with them. Dive into the exciting horror game while immersed in the epic horror mansion filled with detectable and interactive features. In addition, here, you will also learn how to fight for your survival through a series of exciting and bone-chilling actions. Find yourself interacting with the various elements of the game and explore unique mechanics. Collect useful clues along the way and slowly discover your way out of these terrible situations. In addition, you will be constantly watched by the creepy grandmother who just wants to give you a good slap on the head and leave you unconscious on the floor. Try to stay as quiet as possible as she still has really good ears despite her old age. Not to mention that it can quickly get to you once it hears the sound, so make sure you always stay careful in the game. However, with many interactive objects in the game that can potentially create a certain amount of noise, you will surely find it quite difficult to keep quiet during your entire game. That said, it is suggested that you find yourself a good place to hide before the creepy granny gets to you. Feel free to hide in many places that include the wardrobe, elevator, box, and more. Stay up and running if you don't want to get caught. In addition, for those interested, Granny also offers 4 different levels of difficulties in the game with Easy, Medium, Tough, and Extreme Challenges. With each function, the level of difficulties will slowly be enhanced with increasingly challenging elements in the game. For example, if you choose the easy mode, you will find the grandmother moving rather slow and randomly are also much smaller. On the other hand, for those who go for extreme mode, every second in the game will be an absolute test for your mindset. That said, not only that you should avoid detections of it, you should also create some diversions before heading on your missions. Otherwise, it can quickly come to you because of its extreme hearing and fast speed. Once he's there, you'll have no chance of escaping. And despite having all these amazing features, the game is still free for all Android players to enjoy on their mobile devices. All you need to do is download it from the Google Play Store without having to pay anything. And while you're still delimited by some ads, you'll have the entire game available to explore. In addition, you can always choose to get rid of ads with certain in-game purchases. To enjoy unlocked and improved gameplay, Android players can also pick up the modified version of Grandma from our website. With this, you'll have the annoying ads removed completely without having to pay anything. And we also introduce God Mode that allows gamers to stay alive, even if detected by grandma. So you can quickly escape during life and death situations. But don't abuse it since you can easily ruin your in-game experiences. To have the mod available, just download and install our Granny Mod APK instead.
